Electricity Reference Price and Estimated Cost

This Powershop Stoddartpay offer is 20% below the reference price. The estimated annual spend on this offer will be \$1467. These estimates are based on an average residential customer who uses 4000kWh per year on a single rate tariff in the South Australia Power Networks network.

Your actual bills will vary depending on your usage, rates, tariff and any price changes in the future.

This estimate doesn't include concessions or other rebates, distributor service order costs, fees or, for electricity, solar feed-in tariff or solar usage charge that may apply to you.

Eligibility

If Stoddart Group have installed a Stoddartpay system on your property during construction of your new home and you're eligible for this offer.

Offer Details

Stoddartpay allows you to access the solar power generated on your roof at a lower usage charge.

You will be charged the usage charge when you are consuming electricity from the grid and you'll be charge the solar usage charge when you consume electricity from the solar system.

This offer is an ongoing contract, until you or we end it. We may vary your prices at anytime. If we vary your prices we'll give you advance notice, usually by email.

Other fees and charges (incl. Greenpower) may also vary at any time.

Your right to withdraw from the Agreement

You have a 10 business day cooling off period during which you can cancel your sign up with Powershop. The cooling-off period starts the first business day after you receive your Welcome Pack. You can do this by either calling us or writing to us.

How will I receive my communications?

We'll send all communications (including your bills) to the email address you used to sign up. You'll be recognised as having received the information contained in the electronic communication.

Variation of tariffs

Your tariffs and charges are set out above. Unless we say we won't change your tariffs and charges (e.g. we lock your rates in for a certain period of time), we may vary our tariffs and charges for the sale of energy to you under this Agreement from time to time. If we vary our tariffs and charges we'll give you advance notice, this will usually be by email. In NSW, SA and VIC, we'll give you at least 5 business days' notice. In QLD, we'll give you at least 10 business days' notice if your tariffs and charges are increasing. Exceptions may apply in accordance with the regulatory requirements. We may change your tariffs or charges if the information used to set them is incorrect (e.g. you get a new meter or the distributor changes your network tariff).

Other fees

In addition to the applicable tariff, you may incur other fees (additional retail charges). We only charge these fees where set out on our fees page powershop.com.au/fees. If no fee is set out for a particular service on our website, then even if our contract or applicable regulations says we may charge a fee for that service, you will not be charged a fee.

Start date of your Agreement

Your Agreement starts on the date that your cooling off period ends and is ongoing, until you or we end it.

Benefits

Refer above to see what benefits apply to you. If your benefit is that your rates (daily usage and supply charges) are locked in, we'll let you know what your options are at the end of the benefit period in accordance with the regulatory requirements.

Termination of Agreement if customer moves out

If you're moving out of your property or premises, you must give us at least 3 business days' notice. Your Agreement will end when you move out.

Availability of extensions

Our contracts are ongoing, until you or we end it in accordance with the terms and conditions
